

STEM Acceleration for Teachers:

A Two-Day PBL and Hands-On Inquiry Workshop

Wake Forest School of Medicine's Center of Excellence for Research, Teaching and Learning (CERTL), in partnership with Carolina Biological Supply Company, invites you to participate in a two-day Summer STEM Acceleration Workshop designed for 6th - 8th grade teachers.

The workshop will provide teachers with an engaging method to accelerate STEM implementation in classrooms using Problem-Based Learning cases and Inquiry-based hands-on science materials. Sessions include:

- ✓ An exploration of instructional standards as a foundation for effective STEM teaching methods
- ✓ Selection and application of pre-authored PBL cases to align with instructional purposes and engage students
- ✓ STEM Challenge kit implementation to support curriculum and learning objectives
- ✓ An introduction to CERTL's model that can transform student achievement and teacher effectiveness at school and district levels

Each participant will leave the workshop with **access to a collection of Problem-Based Learning Cases** (approximate retail value: **\$600**) from CERTL and a **STEM Challenge Kit** (approximate retail value: **\$75**) from Carolina Biological Supply.

Location: Columbia, S.C. (Specific location TBD)

Date: July 16 - 17, 2018

Cost: \$350 per participant for two-day workshop
